Hydrobiologia

The International Journal on Limnology and Marine Sciences

Volumes 453/454, 15 June 2001

Theme

Copepoda: Developments in Ecology, Biology and Systematics

Proceedings of the Seventh International Conference on Copepoda, held in Curitiba, Brazil, 25–31 July 1999

Guest Editors

Rubens M. Lopes, Janet W. Reid & Carlos E.F. Rocha

Preface ix–xi

Group photograph xii

List of participants xiii

Maxilliped Lecture

Why do symbiotic copepods matter?
Ju-shey Ho 1–7

Biology and ecology of Antarctic and Subantarctic copepods

Aspects of the study of the life cycles of Antarctic copepods
Sigrid B. Schnack-Schiel 9–24

Feeding patterns of dominant Antarctic copepods: an interplay of diapause, selectivity, and availability of food
Anna F. Pasternak, Sigrid B. Schnack-Schiel 25–36

The deep-sea copepod fauna of the Southern Ocean: patterns and processes
Peter Ward, Rachael S. Shreeve 37–54

Production and fate of faecal pellets during summer in an East Antarctic fjord
K.L. Beaumont, A.J. Plummer, G.W. Hosie, D.A. Ritz 55–65

Effects of the ice-edge bloom and season on the metabolism of copepods in the Weddell Sea, Antarctica
Helena G. Kawall, Joseph J. Torres, Stephen P. Geiger 67–77

The effect of the receding ice edge on the condition of copepods in the northwestern Weddell Sea: results from biochemical assays
Stephen P. Geiger, Helena G. Kawall, Joseph J. Torres 79–90

Ecology, distribution and biology of marine copepods

Patterns in stage duration and development among marine and freshwater calanoid and cyclopoid copepods: a review of rules, physiological constraints, and evolutionary significance
William T. Peterson 91–105

Feeding, egg production, and egg hatching success of the copepods *Acartia tonsa* and *Temora longicornis* on diets of the toxic diatom *Pseudo-nitzschia multiseries* and the non-toxic diatom *Pseudo-nitzschia pungens*
Jean A. Lincoln, Jefferson T. Turner, Stephen S. Bates, Claude Léger, David A. Gauthier 107–120

Summer egg production rates of paracalanid copepods in subtropical waters adjacent to Australia's North West Cape
A.D. McKinnon, S. Duggan 121–132

Size paradigms in copepod communities: a re-examination
R.R. Hopcroft, J.C. Roff, F.P. Chavez 133–141

The influence of coastal upwelling on the distribution of *Calanus chilensis* in the Mejillones Peninsula (northern Chile): implications for its population dynamics
Ruben Escribano, Victor H. Marin, Pamela Hidalgo 143–151

Succession of pelagic copepod species in coastal waters off northern Chile: the influence of the 1997–98 El Niño
Pamela Hidalgo, Ruben Escribano 153–160

Spatial distributions of copepod genera along the Atlantic Meridional Transect
Rachel S. Woodd-Walker 161–170

Biogeography of the family Acartiidae (Calanoida) in the Ponto-Mediterranean Province
G. Belmonte, D. Potenza 171–176

Temporal variability and production of *Euterpina acutifrons* (Copepoda: Harpacticoida) in the Cananéia Lagoon estuarine system, São Paulo, Brazil
Koichi Ara 177–187

Harpacticoid copepod communities of floating seaweed: controlling factors and implications for dispersal
Emil Ólafsson, Agnar Ingólfsson, María Björk Steinarsdóttir 189–200

Copepods in challenging environments

A human challenge: discovering and understanding continental copepod habitats
Janet W. Reid 201–226

Groundwater copepods: diversity patterns over ecological and evolutionary scales
Diana M.P. Galassi 227–253

Harpacticoid copepods are successful in the soft-bottom deep sea
David Thistle 255–259

Ecology of freshwater copepods

Effect of the cyclopoid copepod *Mesocyclops thermocyclopoides* on the interactions between the predatory rotifer *Asplanchna intermedia* and its prey *Brachionus calyciflorus* and *B. angularis*
Ram Kumar, T. Ramakrishna Rao 261–268

Two calanoids, two lakes, and a decade or two. An updated record and evaluation of occurrence and periodicity of *Tropodiaptomus spectabilis* and *Metadiaptomus meridianus* (Copepoda: Calanoida), and alternative stable states in two cascading impoundments
Rob C. Hart 269–283

Life cycles of the two freshwater copepods *Cyclops strenuus* Fischer and *Cyclops insignis* Claus (Cyclopoida, Copepoda) in an amphibious floodplain habitat
Dagmar Frisch 285–293

Diapause in copepods (Crustacea) from ephemeral habitats with different hydroperiods in Everglades National Park (Florida, U.S.A.)
Maria Cristina Bruno, William F. Loftus, Janet W. Reid, Sue A. Perry 295–308

Distribution and ecology of copepods in mountainous regions of the Eastern Alps
C.D. Jersabek, A. Brancelj, F. Stoch, R. Schabetsberger 309–324

Copepod communities in karstic mediterranean lakes along the eastern Adriatic coast
Bukvić-Ternjej I., M. Kerovec, Z. Mihaljević, V. Tavčar, M. Mrakovčić, P. Mustafić 325–333

Cyclopoid diversity in the basin of Lake Hula (Israel), after its partial reflooding
F.D. Por, Ch. Dimentman 335–339

Biogeography of copepods in lakes and ponds of subarctic Québec, Canada
Kerrie M. Swadling, John A.E. Gibson, Reinhard Pienitz, Warwick F. Vincent 341–350

The distribution of calanoid copepods in the plankton of Wisconsin Lakes
Byron Torke 351–365

Planktonic Copepoda of the Upper Paraná River Floodplain lakes (São Paulo and Mato Grosso do Sul, Brazil)
Suzana Sendacz 367–374

The temporal distribution pattern of copepods in Corumbá Reservoir, State of Goiás, Brazil
C.C. Bonecker, F.A. Lansac-Tôha, L.F.M. Velho, D.C. Rossa 375–384

The longitudinal distribution of copepods in Corumbá Reservoir, State of Goiás, Brazil
L.F.M. Velho, F.A. Lansac-Tôha, C.C. Bonecker, L.M. Bini, D.C. Rossa 385–391

Effects of food quality on growth and biochemical composition of a calanoid copepod, *Argyrodiaptomus furcatus*, and its importance as a natural food source for larvae of two tropical fishes
Lúcia Helena Sipaúba-Tavares, Maria Adriana Bachion, Francisco Manoel de Souza Braga 393–401

The influence of water and sediment properties on the occurrence of *Potamocaris* Dussart, 1979 (Harpacticoida) in the upper Paraná River (Brazil)
Alice Michiyo Takeda, Carlos Eduardo, F. Rocha, José Cândido Stevaux 403–409

Symbiotic copepods
Annual changes in the population size of the salmon louse *Lepeophtheirus salmonis* (Copepoda: Caligidae) on high-seas Pacific Salmon (*Oncorhynchus* spp.), and relationship to host abundance
Kazuya Nagasawa 411–416

Two ascidicolous copepods, *Haplostomides otagoensis* n. sp. and *Botryllophilus* cf. *banyulensis* Brément, living in compound ascidians from Otago Harbor, New Zealand
Shigeko Ooishi 417–426

A new Species of *Acontiophorus* Brady, 1880 (Copepoda: Siphonostomatoida) from Ushuaia, Argentina
R. Johnsson 427–430

Two new Artotrogids (Copepoda: Siphonostomatoida) from Madeira Island, Portugal
R. Johnsson 431–440

Systematics and biology
Sexual dimorphism in calanoid copepods: morphology and function
Susumu Ohtsuka, Rony Huys 441–466

Taxonomy of Oncaeidae (Copepoda, Poecilostomatoida) from the Red Sea. III. Morphology and phylogenetic position of *Oncaea subtilis* Giesbrecht, 1892
Ruth Böttger-Schnack, Rony Huys 467–481

***Longipedia corteziensis* sp. nov. (Copepoda, Harpacticoida, Longipediidae) from a coastal lagoon in northwestern Mexico, with the definition of the *helgolandica* species-group of the genus *Longipedia* Claus, 1863**
Samuel Gómez 483–496

The naupliar stages of *Cyclopina yutimaete* Lotufo (Cyclopinidae, Cyclopoida)
Tagea K.S. Björnberg 497–501

Post-embryonic development of *Psammopsyllus maricae* Cottarelli, Saporito & Puccetti, 1983 (Copepoda, Harpacticoida)
Raffaella Berera, Vezio Cottarelli 503–512

Male of *Moraria radovnae* Brancelj, 1988 (Copepoda: Crustacea), and notes on endemic and rare copepod species from Slovenia and neighbouring countries
Anton Brancelj 513–524

How many species of *Diacyclops*? New taxonomic characters and species richness in a freshwater cyclopid genus (Copepoda, Cyclopoida)
Fabio Stoch 525–531

A new *Diacyclops* (Copepoda, Cyclopoida, Cyclopidae) from northwestern Argentina
Cecilia Locascio de Mitrovich, Silvina Menu-Marque 533–538

A new species of *Notodiaptomus* Kiefer, 1936 (Copepoda, Diaptomidae) from the Amazon and Orinoco River Basins
Graciela Cicchino, Edinaldo N. Santos Silva, Barbara Robertson 539–548

Clarification of the taxonomic status of *Notodiaptomus anisitsi* (Daday, 1905) and related species, with description of a new species from Argentina (Crustacea: Copepoda: Diaptomidae)
J.C. Paggi 549–564

Distributions of three *Eodiaptomus* species (Copepoda: Calanoida) in Thailand, with a redescription of *E. draconisignivomi* Brehm, 1952
La-orsri Sanoamuang 565–576
